Projects

REGISTRATION PORTAL FOR AYUSH STARTUPS

A comprehensive AYUSH Startup Registration Portal to streamline the registration process for startups in the AYUSH sector, enhancing efficiency, transparency, and accessibility.

MEDICINE REMINDER & TRACKER (MERN STACK)

An app that reminds patients to take their medication on time and track their adherence.

Fingerprint-Based Out Pass Generation System

This project introduces a scalable fingerprint-based outpass system for hostel students, enabling secure pass issuance with biometric authentication. Built using Node.js, Express.js, React.js, and a cloud-hosted MySQL database, it supports real-time operations, email/SMS notifications, and a user-friendly interface to ensure efficiency and transparency for administrators and parents.

Strengths

- Communication Skills
- Dedicated towards assigned work
- Continuous learner, enthusiastic about acquiring new skills and knowledge
- Leadership Skills
